PROFESSIONAL SUMMARY

Data-driven Growth & Consumer Behaviour Specialist with 4+ years of experience across fintech, digital marketing agency and non-profit organizations. Strong background in quantitative research, predictive modelling, A/B testing and user journey analytics, with hands-on skills in SQL, R and dashboarding. Skilled at transforming complex behavioural and product data into actionable strategies. Recently completed an MSc in Consumer Analytics & Marketing Strategy at the University of Leeds. Seeking Product Analyst / Data Analyst / Growth Analyst roles where I can apply analytics and behavioural science to measurable business outcomes.

WORK EXPERIENCE

Tattersall | *Real Estate, Freelance*
Growth & Marketing Automation Consultant | Remote | 2026–Present

Manage Meta Ads performance data end to end, achieving a 13.4x ROAS and an acquisition cost of roughly USD 30.

Built a data pipeline connecting lead capture, CRM and lifecycle messaging (Make + Strapi + Brevo) to enable clean, automated reporting.

Global66 | *Fintech Sector*
Growth Specialist | Santiago, Chile | 2023–2025

Developed a predictive model to detect critical early-journey behavioural signals, allowing the team to trigger targeted activation interventions across Growth, Product, UX and CX.

Built Tableau and Looker Studio dashboards to monitor digital experiments, user lifecycle changes and funnel performance, enabling faster strategic decisions across Growth, Product and Operations.

Led quantitative and qualitative research to design a high-value loyalty programme for the top 5% of users, improving engagement and perceived service value.

Led the implementation of an AI-powered onboarding chatbot, increasing new-user activation by 15% within the first 24 hours vs. control and reducing customer support workload by 30%.

Key achievements:
Delivered measurable improvements in user activation, lifecycle progression and operational efficiency.

Introduced advanced behavioural insights and experimentation into Global66's growth processes.

MIND Spa | *Digital Marketing & Innovation Agency*
Growth Hacker | Santiago, Chile | 2021–2023

Implemented an experimentation roadmap for a financial services client, increasing email open and click-through rates by 140% and improving service quotation conversion by 30%.

Audited the registration and booking flow for a major healthcare client, using data to identify friction points and prioritize experiments that increased conversion.

Acted as methodological consultant applying growth hacking and experimentation frameworks across client portfolios.

Staffed an innovation incubator for a banking client, facilitating workshops and guiding two innovation projects from research to prototype.

Fundación Fútbol Más | *Latin American Non-Profit*
Commercial Coordinator | Santiago, Chile | 2020–2021

Structured the full commercial pipeline in Salesforce, automating 100% of donor reporting.

Managed the foundation's donor base, migrating all donor data into automated reporting dashboards.
