PROFESSIONAL SUMMARY

Product and growth professional with 4+ years working between business and delivery in fintech, agency and non-profit settings. Hands-on in discovery, business cases, requirements, user stories, user flows and launch QA, working closely with Product Owners, engineering, CX and external vendors. Recently completed an MSc in Consumer Analytics & Marketing Strategy at the University of Leeds. Seeking Product Owner / Business Analyst roles where I can turn business needs into clear requirements and shipped initiatives.

WORK EXPERIENCE

Tattersall | *Real Estate, Freelance*
Growth & Automation Consultant | Remote | 2026–Present

Designed and built an end-to-end automation system (Make + Strapi + Brevo) connecting lead capture, CRM and lifecycle messaging, removing manual handoffs between marketing and sales follow-up.

Own Meta Ads performance end to end for the client, achieving a 13.4x ROAS and an acquisition cost of roughly USD 30.

Global66 | *Fintech Sector*
Growth Specialist | Santiago, Chile | 2023–2025

Owned an AI onboarding chatbot from business case to launch in about two months, coordinating an external vendor, the architecture team, Salesforce and CX; increased new-user activation by 15% within the first 24 hours vs. control and reduced CX tickets by 30%.

Defined the chatbot's routing and human-handoff rules, guardrails and a phased rollout (sandbox, internal, client cohort, all users), then ran daily QA and 20+ prompt and knowledge-base iterations after launch.

Worked with Product Owners on the onboarding and activation backlog, defining requirements and writing user stories and improvement one-pagers; built Tableau and Looker Studio dashboards to track experiments and funnel performance.

Led research to design a high-value loyalty programme for the top 5% of users, coordinating input from Product and CX.

Key achievements:

Delivered measurable improvements in user activation, lifecycle progression and operational efficiency.

Introduced advanced behavioural insights and experimentation into Global66's growth processes.

MIND Spa | *Digital Marketing & Innovation Agency*
Growth Hacker | Santiago, Chile | 2021–2023

Staffed an innovation incubator for a banking client, facilitating workshops and coordinating the delivery of two complete innovation projects from research to prototype.

Prioritised client roadmaps with ICE and embedded experimentation frameworks into client teams' ways of working.

Audited the registration and booking flow for a major healthcare client, identifying friction points and aligning stakeholders on an experiment roadmap.

Implemented an experimentation roadmap for a financial services client, increasing email open and click-through rates by 140% and quotation conversion by 30%.

Fundación Fútbol Más | *Latin American Non-Profit*
Commercial Coordinator | Santiago, Chile | 2020–2021

Structured the full commercial pipeline in Salesforce, automating 100% of donor reporting and removing manual data handling.

Managed the foundation's donor base, migrating all donor data into automated reporting dashboards.

Presented the foundation's impact to potential partners and prepared commercial proposals for B2B and B2C fundraising.

EDUCATION

University of Leeds
MSc Consumer Analytics and Marketing Strategy | 2025–2026
Relevant coursework: Marketing Strategy, Marketing Analytics, Consumer Behaviour, Machine Learning in Practice, Big Data, Predictive Analytics, Retail Modelling (GIS)
